

# NAVY | Kentucky Bluegrass

Navy is an early maturing Kentucky Bluegrass that exhibits excellent spring greenup and improved disease resistance. Navy has a nice medium-dark green color which will blend well with a wide range of cool season mixes. This variety offers great quality and performance for your landscape needs at an economical price. Navy has great versatility; it can be used in high maintenance applications for sports fields and medium maintenance situations in lawns and parks. Growth habit is medium-compact making it tolerable of lower mowing heights.

**EARLY SPRING  
GREENUP**
